OBJECTIVE

Dedicated and Goal-focused recent graduate with a B.Tech in Computer Science & Engineering from MIT ADT University. Possessing a strong foundation in Data Analytics, Manual Testing and Python programming. Eager to apply my knowledge and skills in a flexible work environment to contribute to the success of a forward-thinking organization. A fast learner dedicated to technology and a commitment to delivering high-quality results as Data Analyst.

EDUCATION

MIT-ADT UNIVERSITY B.Tech (Computer Science & Engineering) - CGPA - 8.03	08 2019 - 05 2023 Pune, India
---	---

G.R.P.S Junior College H.S.C (12th)	08 2017 - 04 2019 Pune, India
---	---

WORK EXPERIENCE

Data Analyst Intern A.I VARIANT, Pune	05 2024 - 08 2024
--	--------------------------

Data Analyst	<ul style="list-style-type: none">Analyzed and Visualized data using Power BI, Tableau, Advanced Excel, SQL, and Python, uncovering key trends and patterns that drove actionable business insights.Cleaned and transformed customer data using advanced data analysis techniques, ensuring 100% accuracy and completeness, which directly enhanced reporting capabilities for cross-functional teams by 50%.Collaborated in project meetings, contributing to discussions on project progress and aligning analytical efforts with team objectives.Prepared and Delivered comprehensive reports, effectively communicating data-driven insights to team members, resulting in informed decision-making.Identified and Interpreted complex data trends by finding correlations and visualizing them through charts, enhancing the team's ability to understand the useful data.
---------------------	---

A.I with Python Internship Friends Union For Energising Lives (FUEL), Pune	08 2023 - 09 2023
---	--------------------------

Intern	<ul style="list-style-type: none">Learned and Implemented AI concepts, Python, Advanced Excel, Power BI, TableauUnderstanding the software requirements and design documents.Enhanced communication and teamwork abilities.Proficient in Python coding for AI and data analysis.
---------------	--

Manual Testing Intern TRISTHA GLOBA, Pune	02 2023 - 04 2023
--	--------------------------

Manual Tester	<ul style="list-style-type: none">Created a comprehensive test planning framework by manually writing test cases, ensured testing was consistent with project specifications and design guidelines, this resulted in a 30% reduction in the time required to fix critical bugs.Actively participated in project meetings to ensure accurate and timely completion of test cases.
----------------------	---

CERTIFICATIONS & PROJECTS

Data Analytics Certification EXCEL R	10 2023 - 04 2024
---	--------------------------

Bank ANALYTICS PROJECT	<ul style="list-style-type: none">Conducted data cleaning to ensure accuracy and completeness of datasets.Utilized Power BI, Tableau, Advanced Excel, SQL, and Python to identify trends and patterns for actionable insights and various KPIs.Assessed key variables like loan amounts, interest rates, customer demographics, and loan terms using statistics, visualizations, and data insights.Recognized and clarified trends or patterns in complex data sets by creating data visualizations that highlighted critical trends and informed team strategy.Reviewed loan performance over time to identify patterns and repayment behaviour.Prepare reports on the above information and communicate the insights of reports with team.Maintained and updated dashboards in Excel, Tableau, and Power BI.
